

Bella

TOUCH OF ELEGANCE

Elegant and minimalistic, Bella is a floor lamp suitable for both outdoor and indoor environments, unique in its kind. It is equipped with a rechargeable and removable battery housed in the geo-mortar base.

The structure is made of fine aluminum, powder-coated with polyester, while the joint, anodized, allows rotation on both axes. Versions with a cable and IP65 connector or cable and IP20 plug are also available.

The LED color temperatures are 2700K and 3000K, and the LED board is housed in the structure and sealed with opal polyurethane resin to ensure IP protection.

Bella is dimmable from 10% to 100% and can be activated via the soft touch sensor located in the front slot of the base.

Elegante e minimale Bella è una piantana adatta ad ambienti esterni o interni, unica nel suo genere, perché equipaggiata con batteria ricaricabile ed estraibile alloggiata nella base in geo malta.

La struttura di finissimo alluminio è verniciata a polvere di poliestere mentre lo snodo, anodizzato, ne rende possibile la rotazione su entrambi gli assi.

Sono disponibili anche versioni con cavo e connettore IP65 o cavo e spina IP20.

Le colorazioni led sono (2700K e 3000K), la scheda led è alloggiata nella struttura e sigillata con resina poliuretanica opale a garanzia della tenuta IP.

Bella è dimmerabile 10%-100% e attivabile tramite il soft touch sensor alloggiato nella fessura frontale della base.
